

Main Street Bilby Streetlife Carnival

August to October

Do you want your business to thrive – families filling the streets, tourists pouring in from the big cities, a sense of excitement?

That's what we can achieve with the Streetlife Carnival.

Come along to the preliminary workshops and get involved!

Streetlife will have a weekly theme, and will involve all the central Bilby businesses and tourism outlets, as well as the community. The Shire Council expects that Streetlife will generate up to 50% more business in these months, generally a quieter time in our region.

Helen has developed an initial plan for the eight weeks of Streetlife, and will be presenting this at the two workshop sessions. Come along and work with her to think outside the square and put Bilby on an even bigger map.
