

Deakin Graduate Research Academy (GRA) presents:

# Careers in industry

Information session and Q+A presented by CSL

Are you looking for the next step in your career pathway and want to explore opportunities with industry?

Our speakers:

**Silvana Naumovski, Senior Manager, Global Early Career Development:**

Silvana leads and delivers the CSL Australia Graduate Program, including development and execution of all Global Early Career Programs across global sites.

**Robert Forrest, Lead, Technical Operations, R&D Broadmeadows:**

Leads the generation of scientific knowledge to allow process optimisations that deliver greater product yields and quality for CSL's patients.

**Liam Hartley, Scientist, Technical Operations, R&D:**

Uses data analysis to increase the scientific understanding of CSL's processes and evaluates new technologies to support CSL's manufacturing operations.

**Date and time**

Tuesday 27 April, 2:00pm - 3:00pm

**Location**
